Strategy

Sensosan for his international development work with Italian Institutions to boost the **Made in Italy** in global **Life Science** industry.

With support of **InvestHK** Sensosan have open a local site in **Hong Kong Science Technology Park** to enhance his technology, make the base for the Cina and Asia Market and help the cooperation with italian and chinese business.

Sensosan in march 2024 has been the **first italian** company invited by **Alibaba** to visit its headquarter in Hangzhou, the others technology campus in the city and the group companies in technology/logistics fields to knowledge Alibaba ecosystem and make the base for mutual cooperation in B2B markets

Sensosan had also the great opportunity to introduce its technology to Alibaba and discuss together the best strategies and the opportunities to scale globally its innovative solutions starting from China to other target makets.

Sensosan
A new wellbeing.

ESG

Sensosan as **BCorp** company help to improve **SDGs** increasing **ENVIRONMENTAL** and **SOCIAL** instances

Sensosan
A new wellbeing.

THANK YOU

The return on investment of workplace mental health interventions is overwhelmingly positive, with an ROI of 5:1
